The children's day

Children's day in Spain is celebrated to celebrate childhood and also to remind the adults about children rights and duties. The day in the school was nothing less than a celebration where we simply celebrated being a child.

There are many things we learnt including some sentences on children rights, such as –

1. The right to be heard
2. The right to be treated fairly
3. The right to be healthy
4. The right to be educated
5. The right to have a childhood

Most

Auxiliar Amrit along with other teachers was able to help children understand their rights. The children were able to comprehend and showed a lot of interest in learning .

In the project, we prepared a worksheet for the children to interact and also know their roles in the improvement of the environment.

We also tried to introduce the duties a child must assume to keep the environment safe and healthy. This was done under other project – MOST. This project helped children understand their role in saving environment and how they can work to have a better world.

At the end we asked the children to create a leaflet summarizing everything related to Greta Thunberg and the project MOST. Children were really creative and wrote some interesting ways to save environment and help the community.

The eTwinning activity is an annual activity done in the school Gloria Fuertes. In this activity two schools are involved where one of the participating schools is ours and the other is Bristol school, England.

The activity involves both the school asking students to write a letter to their friends (in other school) in the language they are practicing. The students are further asked to paste their picture to make the activity interactive and more exciting.

In the above pictures, the letters were collected by the students of Bristol school. They wrote about how As they are learning Spanish, they wrote half of the letter in Spanish.

The above letters are the response written by the students of our school. They are written in English as the students of our school are practicing English. They tried to describe how Christmas is celebrated around Spain and its importance in the Spanish culture.

The day against gender violence.

25th November 2021

The day against gender violence is an important day to increase the conscience among people about the discrimination against different genders. There is a huge spectrum of Genders and respecting all besides their preferences is a must in a society. In the past, majorly women suffered the direct effects. As a society we must treat everyone with same respect and authority.

Children of Gloria Fuertes are taught manners on a daily basis and how to treat everyone with equality.

Lastly, to teach the children about their rights and the importance of this day, We made a chart with a girl to show – how you can support yourself. This is a truly independent person.

Reflection of the month

For a non-violent person, the entire world is his family.

Para una persona no violenta, todo el mundo es su familia.

-Mahatma Gandhi

Mahatma Gandhi, byname of **Mohandas Karamchand Gandhi**, (born October 2, 1869, Porbandar, India—died January 30, 1948, Delhi), **Indian** lawyer, politician, social activist, and writer who became the leader of the nationalist movement against the **British rule of India**. As such, he came to be considered the father of his **country**. **Gandhi** is internationally esteemed for his doctrine of **nonviolent protest (satyagraha)** to achieve political and social progress.

In the eyes of millions of his fellow Indians, Gandhi was the Mahatma (“Great Soul”). The unthinking adoration of the huge crowds that gathered to see him all along the route of his tours made them a severe ordeal; he could hardly work during the day or rest at night. “The woes of the Mahatmas,” he wrote, “are known only to the Mahatmas.” His fame spread worldwide during his lifetime and only increased after his death. The name Mahatma Gandhi is now one of the most universally recognized on earth.
