May

The month of May was a busy time here at Gloria Fuertes! We started the month by celebrating Europe Day on May 9th with many exciting activities for the students. This was also unfortunately the last month that Teacher Brittany will spend here at Gloria Fuertes so she prepared some activities for her final classes with the students to say goodbye.

Reading Awards

This year, the students of fourth grade had the opportunity to receive a reading award from Teacher Brittany for completing book reports in English. The students did such a great job and completed so many English book reports! We had 10 students complete enough reports to receive an award!

Emily Brontë: English Author

Emily Brontë was an English novelist and poet who is best known for her only novel, *Wuthering Heights* which was written in 1847. She was born in Thornton, Yorkshire, England on July 30, 1818. She was one of three Brontë sisters, her, Charlotte, and Anne, who were all poets and novelists. The three sisters were forced to use the pseudonyms Currer, Ellis, and Acton Bell due to the time period they lived in. When Emily published her novel, *Wuthering Heights*, there was much controversy around the work, but it was later recognized as one of the best English novels after her death.

Europe Day

On May 9th, we celebrated Europe Day by completing many activities about the European countries. Teacher Brittany prepared a coloring worksheet for the younger students with the flags of the countries within the European Union. They were also shown a presentation of all the flags to help them color in the flags correctly.

Europe Day

When the students finished, they were able to participate in a guessing game where they had to match the flags in pairs.

The students really enjoyed this!

Europe Day

For the older students, Teacher Brittany prepared some activities that were a little more challenging. First, the students were given a piece of paper and had to list as many European countries as they could in 5 minutes. If the students already knew them in English, they got extra points. We reviewed the countries in both English and Spanish. We then checked our answers to see who got the most correct, some students were able to list them all!

Next, the students got to participate in an interactive map with Teacher Brittany where they had to match the countries to their locations. This was a really fun activity for the students to recognize the names of countries in english and to test their geography skills!

Goodbye!

Sadly, as the month comes to an end it is time for me to say goodbye. I feel so lucky to have had the opportunity to teach here at CEIP Gloria Fuertes and to join the community of Jaén. I want to say thank you to all the students and staff of CEIP Gloria Furertes for making me feel so welcomed.
